Defence Fund "By System" Celebrated "Baying Rascal."

Prosecuting Attorney Williams is Advised That \$20,000 is Being Raised by Police Officers of Several Townships—Becker, to Alvin Karpis, and his Confederates Are Hiring Their Own Lawyer For Him.

New York, Aug. 6.—A police fund of \$20,000 is being raised for the defence of Alvin Karpis, the police lieutenant charged with instigating the shooting of Herman Rosenthal, according to the information in the hands of District Attorney Williams.

The money is being collected, it is said, by the so-called system, in which the police officers are asked to contribute to the fund. A separate investigation by the district attorney, the "system" and the partitioning of the fund among the police officers.

The information came to the prosecuting attorney in connection with the arraignment of Becker to answer the indictment against him. Becker was held in custody for several hours of legal procedure, which included the withdrawal by Becker for the purpose of offering motions to the court. When ordered the case and materially withdrew, while the district attorney was in the court, the police officers were asked to contribute to the fund. The money was collected by the police officers, who were asked to contribute to the fund. The money was collected by the police officers, who were asked to contribute to the fund.

**Patricia Won
 The Second Race**

CHICAGO, Ill., Aug. 12.—Victory perched on the banner of the Royal Canadian Yacht Club today, when the Patricia defeated the American yacht, Michigan, in the second race for the international championship, and incidentally the Ribault Cup.

The news is new even, the Michigan having won the first race last Saturday, with at least nine miles of the series yet to be run.

Last Saturday the boats raced nine miles, today they sailed twice around the lake, but not over and over again, and until the final lap the race belonged to Patricia. She won by a clear time for the eighteen miles was 2:17.

Starting almost in the teeth of the wind, both boats beat to windward, and at the first buoy the Patricia had increased her lead to about one-eighth of a mile.

When the wind shifted more to the southeast, and in the run back to the starting line, Michigan, sailing off the Michigan on-governed the Canadian, so that they rounded the starting buoy and again headed into the wind with the American boat in the lead.

Here McClure and Ripper, headmen of the Patricia, indicated in some of the jockeying that was done a victory for the former on Saturday, and in time they were right, for they took such blanket the other, and several times, each succeeded, but on the last lap the high wind from the plain demonstrated and they started on the home stretch with the Canadian far in the lead.

Running before the wind both boats were very quick, and the wind freshened Michigan gained steady on her rival, but not enough to overcome the lead in the last lap. The windward. They crossed the finish line in less than five minutes, and the Patricia is the lead.

It may be that place practice has reconciled many a father to the marriage of his daughter.

TO A YOUNG WIFE

Policeman Appointed by Judge to Settle Differences—His Rules of Life—"Be a Terrible Responsibility," He Declares—How Tying Hands Should be Handled—Some of Egan's Precepts.

ST. LOUIS, Mo., Aug. 11.—"Policeman" Patrick J. Egan, a parliament of the Lacine Avenue Station, who was appointed on Thursday by Judge Keel Kinnel to supervise the domestic affairs of Elmer Quin and his wife, Ella, has already established contentment and optimism.

Judge Kinnel, after ruling, called Mr. Quin's complaint that her husband disturbed her peace by harrying her. They both testified that their three months of marriage life had made each for the other.

Judge Kinnel directed Egan to visit the home daily for thirty days, after which each of the three parties in the arrangement will report to the court.

"I just know the plan is going to work," declared the young wife. "I feel like my husband and I were again on our honeymoon. Mr. Egan is a first class policeman." "It's a terrible responsibility," declared Egan after his first visit. "I feel like I have the heaviest job of any man in town. I have to supervise my own wife and all others who believe in me."

"I don't re-conciliate with your husband when he has been drinking. Wait until next morning. Then give him a cup of coffee for his headache. Afterwards lead him into the parlor and your arms around him and give him a lecture. It will leave more credit with him than any number of quarrels."

"If he has done so let him have it at home." "There is nothing this children to do but a husband and a wife. The moral is evident."

"Don't marry a man by talking to him in the morning or when he feels bad." "Don't marry a man by talking to him in the morning or when he feels bad."

MEMBERS OF THE PARLIAMENT

By LIERT, COL. W. M. PONTON

The British Empire—the power of the world, as representing the "golden rule of the globe"—are full of significance from two points of view. The participants in the carefully planned congress have their horizons widened, their sympathetic understanding quickened, their views and perspectives and reputation enlarged. All this makes for Empire.

The "brotherhood of humanity" which is the ideal of free thought, the catholicity, the fusion of interests, as well as the community of sentiment, pride of British birth, and the privilege of Great Britain, in which still Catholic allies.

A convincing pamphlet recently published by Mr. Robert Boyd, regarding the consolidation of the Empire through a really serious, practical and a forward policy of Empire methods of self-statement, and a forward policy of Empire methods of self-statement, and a forward policy of Empire methods of self-statement.

The Empire is a living organism, not a theory. There was a marked development and change of mind since the Congress last year. The British Empire is a living organism, not a theory. STARTLED BY STONE FROM BLAST

Fragment of Rock Crashed Through Roof of a House and Set the Inmates on Edge.

KINGSTON, Aug. 22.—The work at Canadian Pacific railway construction camp, near Parkash and Shabak Lake, is reported to be carried along at a great rate. Camps are at work night and day, and the people in that vicinity are in a state of boundless curiosity. A few days ago the home of Peter Hillech at Parkash was started by a large stone from one of the blasted rocks through the roof of the house and falling into a room where there had been a sleeping child. The child had a narrow escape and the people there lie in continual terror of the blasting.

KILLS SILVER FOX

Minnesota Man Runs Over the Valuable Pet.

VIRGINIA, Minn., Aug. 22.—Harold Griggs, of Virginia, Minn., is the fox, and the more valuable because of the extraordinary manner of its acquisition. Mr. Griggs last week was driving his Kipler car "Dix" from Virginia to Duluth, when he came upon three foxes in the road, one a black, another red and the third silver. More in the spirit of fun than with any intention of killing, Mr. Griggs put on full speed. Much to his surprise, instead of leaving the road, the animals started to run directly ahead. The red and black foxes darted into the ditch, but the silver fox, which struck the silver fox, carried him. The fox, which was found dead, was evidently a young one, and was appraised by a local furrier at \$200. Mr. Griggs says he has no intention of selling it for much more than that sum.

TO EDUCATE DETECTIVES

Paris Protect Institutions Course of Instruction.

PARIS, Aug. 21.—Partly as a result of the crimes of the notorious murder gang, led by Alfred Dreyfus, the Paris police has instituted a course of instruction for the officers of the force, which is considered criminal police brigade. The curriculum will include lessons in the methods of detecting crime, special attention being paid to instruction in the use of the microscope, the use of the microscope, the importance of keeping fingerprints and other clues intact, and the methods adopted for detecting dangerous criminals. Detectives will be required to submit to tests before obtaining commissions. If they pass they will receive certificates of proficiency. Lessons will be given under the direction of M. Crémieux.

GOT HER MONEY THEN LEFT HER

Three Ago Bride, who Admitted to Husband, Burns to Death.

DAYTON, O., Aug. 21.—Mrs. Rose Crane, aged 75, was burned to death in a gasoline stove explosion at her cottage near Lakewood. The woman's clothing caught fire, and she died alone. Mrs. Crane's husband was a William, advertised for the arrest of the sister of her first husband, about a year ago. She met young Crane, who she loved, and it is said she had a romance with him about 1880. When he died, she was left alone. She had a son, who grew, had a grandson and a great-grandson. This was followed by suit for the annulment of the marriage on the ground that Mrs. Crane was an imbecile at the time of the marriage.

Avalanche Wiped Out Railroad

VALPARAISO, Aug. 23.—A tremendous avalanche yesterday wiped out a section of the railroad which has been built through the Andes. Right workmen were killed and injured.

BY WIRE AT P. M. ELEVEN CHRISTIAN VILLAGES BURNED

Great Act of Barbarism Committed by Turkish Soldiers.

Constantinople, Aug. 23.—The Times correspondent in Constantinople telegraphs that eleven Christian villages in Northern Albania have been burned and great acts of barbarism committed by the Turkish soldiers. The correspondent at Athens says that a detachment for some time ago sent to the village of Argenteo, in the north of Greece, to punish the people for having taken refuge in Turkey in the event of a declaration of peace. The Paris Matin has news from Constantinople that peace negotiations are imminent.

Mother and Her Son Killed in Collision

Stillington (Special)

HOWARD CITY, Mich., Aug. 23.—W. J. Joslin, driver of a big Buick, and his wife, who were on their way to a friend's house, had a collision with a freight train on a grade crossing near here. The party was returning from Niagara Falls.

Bad Start on Married Life

LONDON, Ont., August 22.—Henry Waller, a dentist, is under arrest for a very serious charge of brutally murdering his wife. Waller, who has not been working for some time, is alleged to have been in a bad mood. He had been in a bad mood for some time, and he had been in a bad mood for some time. Fifty Millions Seeks an Owner

ST. LOUIS, Mo., Aug. 22.—The discovery that an estate of \$20,000,000 in Missouri, Inc. is awaiting a claimant has resulted in the appearance of a man in St. Louis, Mo. in Chicago, and can in Des Moines, Iowa. The estate is said to have been left by a man who died in 1903. It is said to include a large tract of land in the West. The search for the heir was begun at the instance of Charles Nelson, a man of Des Moines.

CEMENT IMPORTS INCREASED 900 PER CT. BY DUTY EMISSION

OTTAWA, Aug. 22.—The action of the government in granting a reduction of one-half of the duty on cement has evidently been availing of relatively to consumers, judging by the volume of importations, principally from the United States. In July of last year the imports of cement amounted to 1,000,000 barrels, and in July of this year the imports amounted to 1,900,000 barrels, an increase of 90 per cent. The duty on cement is now 10 cents per barrel, and the value is \$2,000,000. In June there was an increase of 90 per cent. in the imports of cement, and in July of this year the imports amounted to 1,900,000 barrels, an increase of 90 per cent. The duty on cement is now 10 cents per barrel, and the value is \$2,000,000.

PRINCE SNUBS BOLD DANSEL

Recent Action of Young Lady who Thwarted Himself on His Notion.

BERLIN, Aug. 22.—A young Danish woman recently learned to her mortification that even Crown Prince's personal good nature has its limit. The story goes that by more or less adroit manoeuvring a woman succeeded in getting the Crown Prince to a party in the German capital at Zoppot. A few evenings later the Crown Prince, accompanied by his adjutant, visited the woman's home. The woman, who was young and well-dressed, was very much pleased to see the prince, and to have him ask her to dance.

Scheppe's Luxuries In Prison Cell

DROOKS' CIDERDOWN AND SILK SHIRTS AFTER SOCIAL DUTIES ARE DONE

NEW YORK, Aug. 21.—Sam Scheppe, who occupies the best prison cell of all the prisoners in the Bouchard case in that he is held as a vagrant and is safe from any charge connecting him with the murder, showed yesterday that he anticipated only a brief confinement, but that while he waited he would be as comfortable as possible. His attorney, Bernard Sander, had sent for him. The first was Captain of Police George Howell. He had sent for him. The first was Captain of Police George Howell.

DISCOVERED GIRL AFTER LONG HUNT

Neutral Alderman Now in Favor of Segregation Policy.

MONTREAL, Aug. 22.—After a search lasting four days for a sixteen-year old girl through Montreal's "Raided" Alderman Blumenthal has been successful in finding her. The girl was found in her parents' home. As a result of his investigation he expressed himself absolutely convinced that segregation of disorderly houses was the only way to guard against the "thousand times preferable" to the present condition of things under which the law is enforced in every district of the city. "If you will," he said, "let the moralists observe that they have a right to do—against what may seem to be a violation of law, I am forced to the conclusion that segregation is the only way to guard against the 'thousand times preferable' to the present condition of things under which the law is enforced in every district of the city."

**SON ACCUSES HIS FATHER
FOR MOTHER'S DEATH**

Swears That Edward McGarr Threw Lighted Lamp at His Mother in Quarrel—My Brother Lies," Answers The Daughter.

MONTREAL, Aug. 26.—Mrs. Edward McGarr, of Montreal, was turned to death in her home on Saturday night.

Her husband is living in the General Hospital in a perfidious condition.

And then the daughter declared her father the cover that her mother was a loose, idle fellow, and that he had given false evidence against the father in order that he and his brother might get their hands on the property.

After the Coroner's jury had told Edward McGarr that he was the murderer of his mother, she was the only person in the house when the alleged crime occurred. Mrs. William Simpson, of 31 Pelletier street, formerly Miss Laura McGarr, interrupted the proceedings in the Coroner's Court, declaring she wanted to contradict the evidence of her brother, who had a record of being a thief, and that he had thrown a lamp at her mother.

PHILADELPHIA, Pa., August 25.—Dr. Milton A. Noble who forecast the recent earthquakes in Turkey and Armenia, says that within the next six to eight days there will be marked precipitation in this country, just west of the Rockies, and also in the West Indies and the Gulf of Mexico.

Dr. Noble says wind charts and weather conditions have shown activity first at one of these points, and then an another until the regions about all these three areas indicate that a disturbance is about to be manifested. The disturbance he says will be of marked character.

Including some of the leading nations in the city. While Mr. Ketchum may be justified in doing all in his power to bring the organization to manage, he should not try to monopolize the organization.

"I suppose even in Montreal one million dollars would furnish a man with the money to run the store to see it." Yet it would not matter if a man had ten million dollars, or a hundred million dollars; if he finds his conscience overhauling his success in business.

"Success—the right kind of success—in a man makes the most of himself and his circumstances for the sake of humanity. Any man who is not a success in his business is a failure." Not if he is a success in his business.

A young lady, living in the vicinity where he was visiting, stopped last summer, but the mistake was in a score, as the young husband in the next line took "French" leave of his young bride. It appears that the Kingstonian is the "double" of the ladies husband. So when seen by the girl's parents he was "left up" and for a line it seemed that he was to be arrested for wife kidnapping. He had to call a policeman who, with the friend managed to convince

Men Who Know

Men, who know, look upon this store as a Quality Store—a store where the Best Clothes are sold, and where the price they pay gets more value than the same money would secure elsewhere!

That's just the kind of a store this is.

No clothes are too good or too fine for us—it's the best or none here!

The price you pay governs wholly the fineness of the woollens and trimmings. Tailoring and style is perfect, at any price. We've never shown so many handsome garments as we're showing this season. We want men,

dressy men, men who know, to call to see our good clothes. We like to show them.

SUCCESSFUL LABOR DAY CELEBRATION IS ASSURED

The local live companies are very enthusiastic over the Labor Day celebration and have decided to enter a team to compete for the valuable prize offered by not only putting last night and expect to make a good showing on Sept. 3. A large crowd of visitors are expected out of town, the spectators of the parade will be in the city.

A letter was received from Mr. Heston of the visitor who will make the parade on the 26th. The Belleville young lady will desire to make a fight with him when he arrives he will be delighted to accept of her. Both parties have been full of spirit as all these who like this sport will have a rare run for their money.

The street procession will be a big feature and when the visiting force in line during their parade costume it will remain many of the older citizens of the town when Belleville had their own parade company, and the visiting force from Waterloo, Rochester and other adjacent cities will be out there for their celebration.

Also Wheeler and George Dolan are working hard shipping their Belleville Fire engine to the city. This alone will be worth going miles to see.
